

The Spirit of '76 and '88

Newsletter of the
September Lake Erie Amateur Radio Association 2021
Carsten Lohrmann, KD8WBB, Editor

LEARA member and ARRL Ohio State Government Liaison (SGL) Bob Winston, W2THU, will be our September speaker. His topic is Ham Radio and the Law. Bob will discuss several topics concerning our rights as amateurs, including a distracted driving bill that might prevent you from operating mobile. Learn how you can assist in monitoring proposed legislation that is not ham radio friendly.

LEARA September 28. Meeting

"Ham Radio & the Law"

Bob Winston, W2THU

Kumo Japanese Seafood Buffet

Berea Fairgrounds Eastland Rd Entrance, 160 Eastland Rd, Berea, OH 44017. Please consider attending and supporting the Hamfest Association of Cleveland as they support the Ham Radio community. Better yet, consider volunteering to help with the event. More info at **HAC.org** or contact **Jon Anhold, KM8V**, at km8v@arrl.net.

For the August meeting we were at My Friends Restaurant on the west side of Cleveland. We ordered off the menu with very reasonably priced entrées. Because many of the restaurants we met at in the past are not serving groups, we most likely will be back at My Friends in October.

The presentation on "**New and Improved Solar Power for Field Day**" was given by Eric Jessen, N8AUC. He described his thinner and lighter solar panels, Lithium Iron Phosphate (LifePo) batteries, the new RF quiet charge controller, and the digital display which shows battery voltage as well as current in and out of the battery. Altogether, these improvements result in much lighter weight and more usable power for Field Day or communications emergencies.

For the September meeting we will be meeting at a new-to-us venue, **Kumo Japanese Seafood Buffet** located on the south side of Snow Road across from the now defunct Dimitri's restaurant where we met for many years. Don't let the name fool you. They have a very comprehensive buffet of Chinese food, sushi, salad, fruit, and several American dishes. The senior price for the buffet is \$16.99 plus beverage, tax, and gratuity. That is about \$24 total. You can save about three dollars by going with water for the beverage. Non-senior prices are about a dollar more.

The Lake Erie Amateur Radio Assn., Inc., **LEARA**, is a not-for-profit [501(c)(3)] organization dedicated to Amateur Radio and Public Service. Club information packets and applications for membership are available from **Marv Grossman, W8AZO, 440-248-0031**, or may be downloaded from our web site at www.leara.org. Annual membership is \$25.00.

LEARA's address is: LEARA, P.O. Box 22823, Beachwood, OH 44122-0823.

LEARA is an **ARRL**-affiliated club. When you **join** or **renew** the **ARRL**, **LEARA** benefits monetarily if you do so through the club. Send **ARRL** Applications/renewals to LEARA, P.O. Box 22823, Beachwood, OH 44122-0823. Make the check payable to **LEARA**, not the **ARRL**.

Membership Meetings are held the last Tuesday of each month (except December and June) at a Cleveland-area restaurant to be announced each month in the newsletter or, if situation requires, in a virtual conference meeting online. The LEARA newsletter usually arrives near the middle of the month. Locations for dinner may vary and often require a reservation. Those interested in dinner should arrive around 6 p.m. The meeting begins at 7:30 p.m. Meetings are open to all interested persons. You may attend without eating.

Trustees' Meetings are on the second Saturday of odd numbered months. Meetings are open to all current members of LEARA. **Locations are subject to change.** Trustees meet at one of the Cuyahoga County Public Library branches or in a virtual conference room online.

Contact a trustee or check the website at www.leara.org for details.

Prez cont.

If the buffet does not suit you, you may order individual entrées in the \$8 to \$10 range (plus beverage, tax, & gratuity). Check out their full menu at KumoBuffet.com

Sara, KC8KSU, and I ate at Kumo earlier this month with a different group and found the food to be very good. We thoroughly enjoyed it.

The presentation this month will be our very own **Bob Winston, W2THU**, giving us an update on Ham Radio and the Law. At this time, we are unsure if we will be doing the hybrid Zoom meeting like we did for the August meeting. We will update that via email prior to the meeting.

Please share the meeting info on any nets you might be on, with other Ham Radio clubs, and with anyone who you think might be interested in this event. Attendees **DO NOT** need to be members of LEARA or even Hams.

In-Person Meetings: As I mentioned above and in last month's column, most of the restaurants where we previously held meetings are not booking their banquet or meeting rooms. We are on the lookout for restaurants with suitable meeting rooms that are booking their rooms. If you know of a restaurant with a meeting or banquet room suitable for a LEARA meeting, please contact **Eddie Stevens, KD8FTS**, or me with the info.

The **Trustees meetings** will continue to be held via Zoom. All LEARA members are welcome to attend. For the access code please contact a Trustee the day before the meeting. **Thanks to the Hamfest Association of Cleveland (HAC.org)** for the use of the Zoom video conferencing.

River Run Half Marathon was Sunday, September 12, 2021 from about 6:00 AM until Noon. It is a half marathon through the Metroparks in the western suburbs. For a variety of reasons, **Sara, KC8KSU**, and I have not

participated in public service the past few years. River Run turned out to be the perfect event for us to get back into it. If you are looking for an easy, low stress event to participate in I highly recommend River Run when it comes around next year.

Repeater News: Dave Andrzejewski, AD8G, has been busy with public service events for the past few months. Now that public service season is winding down, Dave plans to get back to improving LEARA's repeater operations. You can find the latest info on the state of LEARA's repeaters at <https://www.leara.org/repeaters>

Until next month, talk on the radio and use the repeaters. Join us on the air, online, or in person. If you haven't already, get your vaccine shots. Things are gradually getting back to normal. We really want to see or at least hear from you.

The 47th Annual Cleveland Hamfest and Computer Show will be Sunday, **September 26, 2021, from 8:00am until 12:00pm** at the Berea Fairgrounds Eastland Rd Entrance, 160 Eastland Rd, Berea, OH 44017

LEARA "On the Air"

Club Net Information by Carl Gedeon, KB8VXE

The **Thursday Club Net** is held 8 p.m. on our 146.760 (or 146.880 backup) MHz (-600 kHz offset, PL 110.9) repeater. Note that the '76

repeater is back in service. All nets will be held on this repeater. Please use it and notify any trustee of any troubles or issues.

The Wednesday Night Skywarn Practice Net

The Skywarn season runs from April through September. The Skywarn practice nets are held on LEARA's 146.760 repeater every Wednesday at 8:30 p.m. with a simplex net that follows on 146.475. Should the National Weather Service issue a severe weather alert, a Skywarn net will be started on the 146.760 repeater.

Visit www.ccskywarn.org for more information and training sessions.

ARES

ARES nets are held every Tuesday at 8 p.m. on 145.410 +110.9. A simplex net will be held afterwards. ARES Meetings are no longer being held via Zoom. The next meeting October 3rd, will be held in the meeting room at the Helwig Whistle Stop 599 West Bagley Rd. Berea, OH. at 2 p.m. Please monitor the ARES website at www.n8esg.org/ares for information on nets and events. Please note that as of now the Cleveland Marathon has rescheduled for October 23 & 24. Feel free to sign up. You do not have to be an ARES member to participate.

www.n8esg.org/events

Thursday Net NCOs

Do you know K2??? How about ??UPZ? A great way to learn who these voices belong to is to be a net controller! Consider being a net controller.

It's an easy to learn job that is very important in emergencies.

We look forward to your participation!

Carl, KB8VXE, E-Mail: kb8vxe@arrl.net

LAKE ERIE AMATEUR RADIO ASSOCIATION TRUSTEES' MEETING MINUTES

Saturday, 11th September 2021, held
virtually in a Zoom Video Conference
(Subject to Revision)

Attendance:

Bryan N8OOF, Eric N8AUC, Robert KE8CEO,
Steve K8SAS, Marv W8AZO, Ted W8IXY, Jon
KM8V

Trustees Excused:

Jeff N8YNR, Eddie KD8FTS

Guests:

Carsten KD8WBB, Carl KB8VXE

1. Call to Order

Meeting called to order at 9:20 AM by Bryan
N8OOF. Steve K8SAS volunteered to record
minutes, but was unable due to internet
issues. Eric N8AUC recorded the minutes as
a result.

2. July minutes

Correction to N8AUC call sign in 2 places.
Motion to accept with corrections by Marv
W8AZO, seconded by Eric N8AUC. Motion
passed unanimously.

3. Treasurer's Report

provided by Jeff N8YNR in absentia - No
relevant change; still reasonable well filled.
Motion to accept by K8SAS seconded by Ted
W8IXY. Passed unanimously.

4. Membership Report

Marv W8AZO - 141 previously, 1 new
member. Total is now 142.

5. Venue Chair's Report

KD8FTS absent. Looking at Kumo Asian
Buffet. NOARS does a monthly lunch there.
Carl KB8VXE says their food is pretty good.
At the buffet, they serve you to minimize

touching of the food. Bryan N8OOF said it
was serve yourself when he was there. Marv
W8AZO asked if they have usable WIFI. Eric
N8AUC and Bryan N8OOF noted that in a
pinch we could use a cell phone as a hotspot.
My Friends has very usable WIFI which
helped when zooming the last meeting.
Suspect virus fear kept people away,
although Carl KB8VXE had a prior
commitment for the August meeting. Steve
K8SAS noticed that many clubs are
experiencing reduced turnouts for the same
reason, and it's not just us, but rather the
times we're in. We're going to try Kumo, and
if it doesn't work then fall back to My
Friends.

6. Program Chairman Report

Eric N8AUC - As printed in the agenda. Bob
W2THU is the speaker for September.
Nothing scheduled yet beyond that. Eric
N8AUC asked about our plans for November.
Eric N8AUC suggested doing our traditional
holiday party for November. Carl KB8VXE
noted that if we do a holiday party we don't
need to zoom it. In the event Carl KB8VXE
can't make it, he will get the get the 50-50
tickets to Eric N8AUC. Final decision
deferred to the November trustees meeting,
although the intent at this point is to do a
traditional in-person holiday meeting at a
restaurant. September will be Kumo's,
October will be My Friends, and November
will be Kumo's if it's available. Kumo's does
have a private room that has 6 tables with 8
seats each. Should easily handle 40 or more
people.

7. Nomination Committee

Jon KM8V - Having heard from no one else,
we have 2 incumbents, and Dave AD8G said
he would run for the open seat (vacated by
K8SAS) if no one else wanted to do it. Since
we have 3 people for 3 open seats, there is

no need to conduct an election this year.

8. Renewal of P.O. Box and agreement with ARRL

Post office box has been renewed for another year. Considering changing the ownership of the second PO Box key from Andrew WA8LIV to Robert KE8CEO, since Andrew is no longer a trustee. Consensus was that it's fine either way. But since Robert KE8CEO already goes to the Beachwood PO, and he is a trustee, it makes sense for him to have it. Marv W8AZO will talk with Andrew WA8LIV about this.

9. Technical Committee Status

Dave AD8G in absentia - No real progress made recently due to public service events. 76 and 88 appear to be working well. There is an intermittent interference that occasionally affects the Lakewood site. The presence of a bozo has been observed from time to time. Bryan N8OOF mentioned that NOARS is also experiencing a similar problem. If it persists, we may have to start hunting.

10. Technical Committee Plans

South Point input for 76, acquiring a NE input, restore the CWRU input, converting from Fusion to MMDVM Fusion on 444.7, move 444.4 to a better location. Jon KM8V gave Dave AD8G an MMDVM board and AD8G and K8SGX are working on interfacing it to the Motorola commercial gear. Jon KM8V mentioned that using a real Wires-X box requires a Windows PC to operate because the Wires-X device is basically just a sound card interface. This is the weakness of using Wires-X at a remote site.

11. Bylaws

The copy of the Bylaws on website needs to be updated. What is on the website is not the current version. Carsten KD8WBB thinks he may have the access necessary to do that.

Discussion was had regarding making sure the SOPs on the website are the latest versions. Marv W8AZO will check and update if needed.

12. Old Business

Marv W8AZO mentioned the upcoming Cleveland Hamfest. He intends to be there and man the club table. Marv W8AZO will also make sure to have the necessary paperwork and handouts available. Marv W8AZO redid the club information sheet, and needs someone to proof read it for him. Paying for the for the club table hamfest table was discussed. Jon KM8V mentioned that since LEARA made a donation last year when the hamfest was not held, LEARA does not owe for a hamfest table for 2021.

13. New Business

Eric N8AUC suggested that LEARA make a donation to HAC as a way to say thank you for providing the shared zoom account. Jon KM8V said that was not necessary, and that we should not make such a donation. Eric N8AUC mentioned that it is not possible to be grateful enough for the zoom account HAC provided. Bryan N8OOF agreed with this sentiment. Jon KM8V mentioned that the hamfest association is in dire need of people to join the group who puts on the hamfest. So if you wanted to say thank you, that would be the best way to do it.

It was noted that no one took pictures at the last LEARA meeting.

14. Adjournment

Motion to adjourn at 10:25 by Marv W8AZO, seconded by Robert KE8CEO. Motion passed unanimously.

Respectfully submitted,
Eric - N8AUC

Edward Stevens, WB8ROK, SK

Ed Stevens, father of Eddie Stevens, KD8FTS, passed away Saturday, 9/16/2021.

The viewing will be FRIDAY, September 24, 5-7 P.M. Funeral Service will be SATURDAY, September 25, 10 A.M. both at the CHAMBERS FUNERAL HOME of CLEVELAND, 4420 ROCKY RIVER DR. AT PURITAS. Interment Alger Cemetery.

<https://www.chambersfuneral.com/obituary/edward-h-stevens>

In speaking with Eddie, he told about his father having been a pilot for Island Airlines and having flown the iconic Ford Tri-Motor for them. In addition, Eddie talked about having visited a museum where they were able to take a flight in a Tri-Motor and that Ed was listed on their web site.

Recently, Sara, KC8KSU, and I were researching things to do in the Sandusky area and one of the things we found was the Liberty Aviation Museum. I was curious if this was the same museum that Eddie had told me about. Indeed, it is. You can read about the museum's Ford Tri-Motor here <http://www.libertyaviationmuseum.org/collection/aircraft.html> And Ed is listed first on the museum's Guest page, <http://www.libertyaviationmuseum.org/guests.html>.

There is a lot more about Ed and his many accomplishments on his web page, <http://www.edstevens.net>.

Next SpaceX Commercial Crew to ISS Comprised of Radio Amateurs

09/15/2021 - from: <http://www.arrl.org/news/next-spacex-commercial-crew-to-iss-comprised-of-radio-amateurs>

Four radio amateurs will head to the International Space Station (ISS) aboard a commercial flight, thanks to Amateur Radio on the International Space Station (ARISS). They are Raja Chari, KI5LIU; Tom Marshburn, KE5HOC; Kayla Barron, KI5LAL, and Matthias Maurer, KI5KFH. As the most experienced space traveler, Maurer, who is a European Space Agency (ESA) Astronaut, could end up with a very heavy work schedule. The targeted launch date is no sooner than October 31, from Kennedy Space Center in Florida.

The launch will mark the third SpaceX Crew Dragon spacecraft and Falcon 9 rocket launch combination as part of NASA's Commercial Crew Program, which provides reliable and affordable transportation to and from the ISS. The crew is scheduled for a long-duration stay aboard the orbiting laboratory, living and working as part of what's expected to be a seven-member crew.

The launch will be the first spaceflight for Chari, Barron, and Maurer, and the third for Marshburn. The crew will complete a 6-month science mission aboard the microgravity laboratory in low-Earth orbit.

NASA's SpaceX Crew-3 will be the third crew rotation mission with astronauts on an American rocket and spacecraft from the US to the space station and the fourth flight with astronauts, including the Demo-2 test flight in 2020, the Crew-1 mission in 2020-21, and the ongoing Crew-2 flight as part of the Expedition 65 crew.

...

Mission teams have a target launch date of no sooner than April 15, 2022, for the launch of NASA's SpaceX Crew-4 mission to the space station for a 6-month science mission. "NASA's Commercial Crew Program is working with industry through a public-private partnership to provide safe, reliable, and cost-effective transportation to and from the International Space Station, which will allow for additional research time and will increase the opportunity for discovery aboard humanity's testbed for exploration," NASA said. "The space station remains the springboard to space exploration, including future missions to the moon and Mars."

For launch coverage and more information about the mission, visit the NASA website.
